Appointment of Olivier Theulle as

Director of Operations and Information Systems for Fnac Darty

Fnac Darty announces the appointment of Olivier Theulle as Director of Operations and Information Systems. This appointment strengthens the consistency of the Group's organization, ensuring the optimum integration of information systems, a cornerstone of the "Confiance+" strategic plan.

Olivier Theulle joined the group in December 2013 and has been Director of Operations for Fnac Darty since September 2017. He is a member of the Executive Committee.

This appointment will be effective from June 26. In the near future, Olivier Theulle will introduce a new organizational structure enabling the deployment of the IS roadmap in a more integrated format.

"The Operations and Information Systems Department is set to play a key role, alongside all other departments, in delivering the strategic roadmap outlined by Confiance+ which guarantees the highest quality of service to our customers. I would like to thank Eric Iooss, who is leaving the group, for his commitment and all the work he has put in with his teams over the past two years dedicated to the integration of Fnac and Darty. I wish him every success on his future career path," said Enrique Martinez, CEO of Fnac Darty.
